 courses connected to the European Union: the translation course dedicated to the EU texts and a set of lectures on the history, institutions and agenda of the EU. I may state that apart from the excellent command of the English language (spoken and written) I have the basic knowledge about European Union which is paired with good translation skills and knowledge of specialised vocabulary.

Studies

Student in Abruzzo, Lubuskie, Presov

Field of Studies: Humanistic
 Degree: SI
 English: SI
 French: SI
 Other languages: No
 Courses, Masters: a graduate of the English philology and working abroad. Previous experiences: Presently, I am enriching my personal growth, and more about the EU institutions, while the programme would allow me to know and meet new people while traveling opportunity to broaden my horizons

Curriculum

Motivation: Working in the international environment would be a perfect opportunity for me to use, perfect and develop the abilities acquired during my studies.

Obtaining a position in this edition of the programme would allow me to know and meet new people while traveling opportunity to broaden my horizons and working abroad. Previous experiences: Presently, I am a graduate of the English philology on the specialisation of written translation, who is now looking for the new ways of personal development and new opportunities of implementing my skills in my academic studies

My previous working experience includes:
 2012-Present
 Freelance Translator
 Self-employed
 Translating articles, letters, academic abstracts etc. (from ENG to PL and PL to ENG)
 2012 - Present
 Private English Tutor
 Self-employed
 Teaching English on all levels (adults and children)
 November 2015
 Voluntary Polish/English interpreter (lectures) during the international conference "Challenging behaviours" organised by the "Say Yes" association and University of Adam Mickiewicz.
 April 2014

Curriculum

 Motivation: I am a young law graduate passionate about my region, which I was born, raised and in which I am still living. This enables me to be aware of advantages, disadvantages and opportunities for this particular region, and therefore it would be a great opportunity for me to indicate region of Presov in the European context. It also represents a great professional experience for me and opportunity to improve my language skills.
 Previous experiences: My name is Martin Eštok, young professional recently graduated in law, Faculty of Law of Pavol Jozef Šafárik University in Košice. My postgraduate studies were mainly focused on general law, in which I graduated with master degree. I recently completed a graduate practice for company Mazak s.r.o., where I was in charge of law consulting. I consider myself as young perspective and ambitious man with range of attributes and experiences which are required for the position. One of my greatest experience is being a part of international organisation, European Law Students Association (ELSA), in which I was filling the position of Director of event management of Pavol Jozef Šafárik University. The aim of this organisation is to expertly educate law students on international, national and local level, including the whole process of planning and organising several different projects. My main focus as a director of event management was cultural events.

Curriculum	Studies	Status	General
<p>This included many small subtasks as finding sponsors, dealing with directors of sponsor's companies, set up of contracts, promotion and communication, managing my co-workers and delegating tasks and responsibilities to the members of small team with assigned deadlines. As we were working in teams I experienced what working in teams really means and wide range of different problems that I had to deal with. I learned to handle these situations and find solutions, listening to my co-worker's objections and always tried to bring solution suitable for both sides. I was responsible for notifying all the participants of project including directors of E.L.S.A. sponsors, partners and co-workers about progress of project. Therefore I have experience with internal and external communication. Due to this working experience I learned to make right decisions, work effectively, on time and within the required budget. I can offer you my experience, ideas, enthusiasm, creativity and my passion for my region. I have no commitments and I am at command 24/7. One of my main priorities is to complete my third degree education. Thank you very much for your precious time and I am looking forward to hearing from you.</p> <p>Volunteering before: No</p>	<p>Motivation: In this European cooperation project, I would like to offer a huge motivation to learn, a responsible approach to work, a sense of detail and PC skills. I do everything with positive thinking and the best I can. The European Voluntary Service is a big opportunity for my personal and professional development. In spite of that I haven't had experiences in this field, that's the main reason why I really want to take part in. I want to get better, to learn and to increase my value on the labour market. Previous experiences: In Slovakia I gained knowledge from Hotel Industry where I worked as an chambermaid, a waitress and a receptionist. Several months I worked for the financial company. I was a mediator of complex financial services. Because of lack of language experiences, now I have been in Brussels and I daily take care of 4 years old girl.</p> <p>Volunteering before: No</p> <p>study was Management of Tourism and Hotel Industry.</p>	<p>Student in Abruzzo, unempoyed/Unemployed.</p>	<p>INTEREST EVS SRING2: SI Cognome: Ginevra Nome: Magdalena Special_Remarks: - Region: Pšov Male/Female: female Birthdate: 05/14/1989 Birthplace: Pšov Email: ginevra.magdalenag@gmail.com Indirizzo: Brezovička 140 Città: Brezovička Telefono #: +421915426769</p>

Motivation: I get to know this web through EVS offer. I made decision that after university I want to go for EVS because I want to improve my skills, learn and discover, face to challenges, find solutions for them and actually make things happen - and what is important help magnify network of active young people. active citizens and be part of change. Europe through offers like this giving us incredible change to change something, to dialogue with other nations, regions and to understand to each other better in the end we can bring measurable results. I want to be active participant of this change, this dialogue and help to enlarge the community of active citizens, citizens who respect diversity.

Previous experiences: I have worked in the student organization where we as volunteers helped students find

INTEREST EVS SRIN2: SI

Employed/Unemployed: unemployed
 Special Remarks: Every step counts because people learn something new every day because they grow up, make decisions, meet inspiring people, in international team we can create something new, something catchy, message which we can address directly to youth. I believe through activities during the EVS (also EVS in general) we can help to get better situation in education, social capital, enlarge respect and understanding between nations, regions, cultures not just in our region. We have to show that we as future generation care about our future. We can

Inviato: venerdì 4 dicembre 2015 17:34

A: Rita Di Matteo

Oggetto: FW: Request for dealy of Activites EVS Winter 2 Project yBBregions.

Dear Ms Di Matteo,

I am the new responsible for action 4.6.

Following your request, I am pleased to inform you that your amendment for activity dates for EVS WINTER 2 is accepted as it is organised within the eligibility period of the contract (01/05/2014 to 30/06/2016):

From February 8th 2016 till May 8th 2016.

All the other dispositions of the grant decision and if applicable of the amendments, remain unchanged, in particular the budget.

Thank you for your collaboration.

Best regards,

Tonia MARRELLA

From: Rita Di Matteo [<mailto:rita.dimatteo@regione.abruzzo.it>]

Sent: Friday, December 04, 2015 12:25 PM

To: ROMERO Miguel (EACEA)

Cc: Giovanni Savini Direttore

Subject: Request for dealy of Activites EVS Winter 2 Project yBBregions.

Importance: High

Dear Mr Romero, as coordinating organisation we are coming to you to ask for a

delay of period of EVS Spring 2 planned from January 18th and April 17th.

The request comes from a partnership joint evaluation of the situation actually

running in Brussels.

As you know we have already had difficulties during last TVE Winter 2 activities and as by news of our partners in Brussels state of alert still persists, although not as high as the period of winter TVE 2, for this reason we would like to postpone the

start of the EVS Winter 2 for three-week so, as far as possible, have a more reassuring view than at the moment.

Whereas the project has already had an extension up to the month of June 2016 this shift should not affect activities nor be obstacle for the planned events of closure.

For this reason, as coordinating organization and on behalf of partners involved in the activities of EVS WINTER 2, we officially ask to be authorized to change dates and postpone beginning of activities to February 8th 2016. The period should so be the following February 8th – May 8th 2016.

We would kindly underline that we need a quick feedback as in case of not authorization we should provide to arrange, in the next days all necessary procedures for the organization of the activity, meaning that we should buy flight tickets and fix accommodation for participants so to be ready in time for middle of January.

With best regards. Rita Di Matteo
